

REMARKS/ARGUMENTS

The Applicant thanks the Examiner for the Official Action dated May 14, 2004. In response to the issues raised, we offer the following submissions.

Provisional Double Patenting

While the Applicant contests the Examiner's assertions regarding the obviousness of the present claims, in the interests of expeditious prosecution, three terminal disclaimers are enclosed. Accordingly, the term of any patent granted on the present application is limited to that of US 6,648,321, USSN 10/693,875 and USSN 10/693,876.

The Applicant respectfully submits that the claim rejections have been successfully traversed. Accordingly favorable reconsideration and allowance of the application is courteously solicited.

Very respectfully,

Applicant:
